

Varsity Jacket Information & Specifications

If, after earning a Varsity Letter, students are interested in obtaining a letter jacket, parents (or students) may purchase one. They are OPTIONAL, as are varsity letters. Other ideas for the varsity letter is to put it in a shadow box with other pins & awards, or keep it on your wall or in a scrapbook.

The guidelines for the OHMI letter jacket are below, and were designed in conjunction with the OHMI varsity letter. You may purchase your letter jacket from any company you choose as long as it follows the guidelines. We encourage students to add other activities they are involved in (dance, sports, etc.) to their jacket when personalizing them.

Normally, groups your student are in are put on the back (band, orchestra, choir, swimming, soccer) along with felt decals, name, graduation year, etc. You can make it as simple or complex as you like. If you need some ideas, just do a web search on varsity jackets, and you will find a plethora of ideas. Some companies do the whole jacket for you, others do just the jacket and have you take the jacket to someone local to do the embroidery & decals. If you would like to see some designs from local high schools, you can check out www.artknittingmills.com. **NOTE:** OHMI does not endorse any particular company - that is just an example found when doing a web search. As with any purchase, shop around to compare prices & quality. Keep in mind you do get what you pay for. Ask to see samples of their work, and if it's a local company, go try on the garments.

Specifications:
